SELF-PERFORMED SCOPE

- **Wood.** Custom millwork in materials from plastic laminate to exotic hardwoods: cabinetry, casework, shelving, storage, furniture, wall paneling (indoor and outdoor), ceilings, leather paneling and other architectural applications.
- **Metal.** Architectural and ornamental metalwork in hot-rolled and cold-rolled steel, stainless steel, aluminum, brass, mesh and perforated metals: stairs, railings, storefronts, custom doors, exterior screens, trellises, shade structures and similar work.
- **Stone.** Natural stone, quartz and marble: countertops, fireplace surrounds, wall cladding and desk wraps. Digital templating, milling and thermoforming of quartz, and Slabsmith technology to align veining across slabs.
- **Engineering and drafting.** Shop drawings and engineering in Microvellum, Cabinet Vision, Revit and AutoCAD, built to AWI standards.
- **Finishing.** In-house finishing with a mixology lab, three spray booths, a drying area and a quality control checkpoint. Metal finishes include paint, powder coating, patinas and blackened steel.
- **Installation.** Dovetail delivery crews and installation teams, supervised by Dovetail superintendents and coordinated with our project managers and production managers. Superintendents run daily onsite safety toolbox talks.

TO INVITE US TO BID, SEND

- Drawings: the full set, or at minimum the sheets that show millwork, metal and stone.
- Specifications: the sections that cover the work, plus any general requirements that apply to it.
- Bid date and time, and the delivery method for the proposal.
- Scope notes: which trades you want priced (wood, metal, stone, installation) and any alternates or phasing.
- Any addenda, and the name and contact information of the GC estimator.
